(For the Roundabout) A Rural Scene.

She wanders down the country lane,
It is the twilight hour,
And on her lips is berry stain,
And in her hair a flower.
She swings her bonnet by the string
Around and round her finger,
And walking slow begins to sing
As if she fain would linger.
The cows have wandered on ahead,
And at a brook are drinking,
While in the west, in fiery red,
The summer sun is sinking.
She plucks a wild rose from a bush,
Its sweetness deep inhaling,
Then counts its petals with a hush—
Oh, simple test, ne'er failing,
But hush! the sound of horses' feet
Is heard and chains a-jingling—
A moment and in quick retreat
She with the cows is mingling.
The brook is gained without delay,
And stones are wildly flying—
"Go on you lazy things, I say,"
In ringing tones a-crying.

The chains are heard with louder clank,
A youth is seen behind her,
And team of four, with dripping flank,
Just taken from a hinder.
They now are drinking at the brook,
He strips a switch of cedar,
And casts ahead a wistful look,
Then jerks and strikes the leader.
The horses splatter through the stream,
And some put back, still drinking;
An owl is startled from his dream,
And on the fence sits blinking.
They clamber up the rugged shore,
Where sticks and rocks are scattered;
He, wistful, looks ahead once more,
All dust and mud bespattered.
The maid has reached a barn yard gate,
Where calves are loudly bleating—
Her mother's voice has called her—
"Kate!"
Why is she idly waiting?
The team has passed adown the lane,
'Tis still the twilight hour,
Yet on her lips no berry stain,
And in her hair no flower.

More Property Sold.

Mr. Sam Klass has purchased the two houses (formerly owned by Mr. Louis Weitzel), on St. Clair street, from Mr. Dan Meagher for \$8,000.

Sad News.

Through the columns of the Aurora (Mo.) News we learn of the accidental drowning of little Miss Mabel Johnson, daughter of Mr. C. F. Johnson and wife, of that place. The little girl was on a visit to a playmate's near by when she stepped on a loose plank over a cistern, fell in and was drowned.

Mrs. Johnson was Miss Mary

Durrett, a niece of Mrs. Jas. W. Hughes, and was a frequent visitor in this city before her marriage to Mr. Johnson.

Pythians.

The Grand Lodge of Knights of Pythias will hold their annual session at Middlesborough, October 25th.

Cold Weather.

A Lexington weather prophet predicts 27 snows for this winter, the first to be on Nov. 5. He also predicts four ice spells, in one of which ice will form eight inches thick. Whew!

The Equinox.

Wednesday last was the vernal equinox, and brought the usual storm. The days will shorten rapidly from now on until Dec. 21, when the swing of the pendulum will send us the other way again.

When you call for DeWitt's Witch Hazel Salve the great pile cure, don't accept anything else. Don't be talked in to accepting a substitute, for piles, for sores, for burns. Tyler & Hemphill.

The Usual Result.

Every where that the Milan Reel has been exhibited it takes the premium. Capt. Ben C. Milan, the maker, has just been notified that one of his reels took the gold medal premium at the International Fishing Exposition at Bergen, Norway. This is the usual result.

Mexican War National Association.

The Mexican War Veterans National Association met in Louisville on Wednesday. Some 150 of these gallant old men, together with quite a number of their wives and daughters, were present.

They had a pleasant and agreeable time and, after transacting the routine business, adjourned until next year.

Deafness Cannot Be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

A Shattered Nervous System. FINALLY HEART TROUBLE.

Restored to Health by Dr. Miles' Nerve.

MR. EDWARD HARDY, the jolly manager of Shepard Co.'s great store at Braceville, Ill., writes: "I had never been sick a day in my life until 1890. I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I thought I was going to die. I became despondent and suffered untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to but a shadow of myself, and at last my heart became affected and I was truly miserable. I took six or eight bottles of Dr. Miles' Nerve. It gave me relief from the start, and at last a cure, the greatest blessing of my life."

SAID MISS SHOVEL

To Mr. Tongs and Mr. Poker: "What a delightful time we are having with this new coal. It burns so easily and nicely that we don't have to work half as hard as we did with that other coal our Mistress bought. And then with that other coal there used to be so much dirt that I never could feel clean." If you would listen to the conversation between your coal utensils about the last coal you bought, you would feel pretty certain that the proper thing to do would be to come to me for your coal hereafter.

Having just passed the second
anniversary of the King's Daugh-
ters Hospital, the formal opening
and dedication being on the 16th
of July, 1896, a glance at the
records of the first year's report
will show that we received into
the hospital during the year thirty-
four (34) patients; of these nine-
teen were charity cases.

It will be remembered that we
have only three bedrooms, and our
facilities for accommodating pa-
tients are limited.

In the past fourteen months we
have treated in the hospital forty-
three (43) patients, of whom thirty
(30) were charity patients—sixteen
(16) were charity patients from
Franklin county, fourteen (14)
charity patients from the city
and thirteen (13) pay patients.

Not having a colored ward at
the hospital we have cared for in
their homes twenty persons.

month for the benefit of the hos-
pital.

At a meeting of the present
court held on September 3d the
allowance was discontinued, the
reason given being that no county
patients were received at the hos-
pital.

The Board of Managers of the
hospital was not notified of this
action at the time, but heard of it
on the 19th of September. It is
due both the Board of Managers
and the public to publish the facts

in the case. The books and per-
mits are on file at the hospital.

The total average expense for
conducting the hospital is \$120
per month. \$70 of this amount is
raised by private donations, pay
patients and entertainments. In
June, 1896, the City Council appro-
priated \$25 per month to the
King's Daughters for the hospital.
They as well as the general public
have shown the utmost confidence
in the sincerity and ability of the
King's Daughters to administer to
the wants of the sick at minimum
cost and has been shown that the
sick when cared for at the hospital
can be furnished with all necessary
food, medicine and attention, at a
much less cost than at their own
homes.

The King's Daughters desire to
express their appreciation of this
confidence and hope they will al-
ways be able to justify the trust
placed in them.

The Board of Managers of the
hospital would be glad to receive
all patients applying without ask-
ing assistance from the community,
but this is impossible.

We have tried to act as faithful
stewards for those who have so
generously contributed to the sup-
port of the hospital. No one of
the King's Daughters are in any-
way benefitted by the money given
for this work which was under-
taken for the love of Christ, and
"In His Name" it will be carried
on.

The Frankfort Roundabout

Entered at the postoffice at Frankfort, Kentucky, as second-class matter, May 10, 1894.

GEO. A. LEWIS, Editor and Pub.

FRANKFORT, SEPTEMBER 21, 1898.

Incorrect.

We published a communication in our last issue signed "N," in which the writer proved himself a regular "canalmy howler," in his representation of the condition of affairs in the bluegrass region. We published the article, not because we believed the statements correct, but to satisfy the author, and in the hope of attracting the attention of some of the thrifty and "get ahead" farmers of that section to the absurd statements of our correspondent.

It has had the desired effect, and we are authorized by several of our most responsible and energetic farmers and their better three quarters to say that the writer is entirely mistaken as to the general state of affairs. There may be, they say, occasional farmers who have these attacks of "nulligrubs" and "blue devils," but the general run of property owners and farmers are doing pretty well and saving money at that.

One good lady goes so far as to say that she and her husband, who own adjoining farms in a neighboring county, are making from fifteen to seventeen per cent. on the money invested in those farms.

This does not chime in very well with the doleful account given by our correspondent "N."

Shameful.

The editorials in the Courier-Journal of Tuesday were written by one who is either a liar, fool or knave—probably all three. His denunciations of the President are unworthy of any man calling himself a gentleman. His covert sneers at religion and morality (which he asserts the President is taking as a cloak for venality), is beneath the notice of that officer.

It is simply marvelous how stupidly this fellow writes in the editorial columns, when the contradictions of his statements are given in the news columns of that same paper.

The editorial writer ought, to be consistent, to have a censor upon his news columns to prevent the one contradicting the other.

Gross Injustice.

We would call attention to the statement of the Board of Managers of the King's Daughters Hospital in another column. It appears that the Fiscal Court withdrew the county's subscription to the Hospital upon the specious plea that no county patients had been received, when the truth really is that a majority of the charity patients received were from the county and not from the city. This injustice was done this noble institution without even notifying the Board of the excuse given, which was so easily corrected.

Death of Mr. Jerome Weitzel.

On Saturday morning at 2:30 o'clock, Mr. Jerome Weitzel, proprietor of the Capitol Hotel, died at his home in this city, aged 68 years.

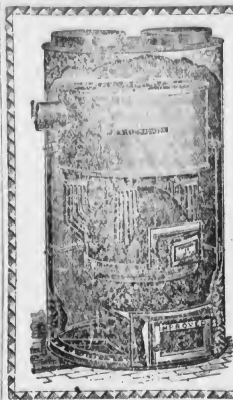

Mr. Weitzel was born in Hesse-Cassel, Germany. When grown he served his term in the Imperial Army, coming thence to this country when 25 years old. For a short time he remained in West Virginia, but located here some forty years ago.

He was a tailor by trade, and was energetic and patient in his labors.

A number of years ago he established the "Old Weitzel Hotel," on Lewis street, and soon had a large and lucrative custom. When the Harris heirs sold the Capitol Hotel Mr. Weitzel became the purchaser, and in conjunction with his wife and sons, has continued to successfully operate that popular hotel, at the same time putting in all the modern improvements.

Mr. Weitzel was a genial and companionable man—careful, upright and honorable in all his dealings—and was unusually successful in his undertakings.

In early life he was married to Miss Caroline Boland, of Detroit,

Mich., by whom he had eleven children, nine boys (Messrs. Edward B., Jerome U., Joseph L., George T., Nicholas T., Lambert, Boland, Bradley and Harry) and two girls (Misses Carrie and Amelia). Of these Messrs. Jerome U. and Lambert preceded him to the grave. The sudden death of the former of these, about a year or more ago, was a source of grief to him, from which he never rallied.

While he had been in poor health for some time, but few thought the end so near.

The funeral took place on Monday morning at 9 o'clock, from the Church of the Good Shepherd, of which he was a member, and the remains were laid to rest in our cemetery.

A large circle of friends and relatives, outside his immediate family, are sorely bereaved.

The sympathy of the community generally, is extended to the sorrowing ones.

Nominated.

In a primary election, held by the Republicans of the 27th Judicial District, on Saturday, Mr. H. C. Eversole, of Owsley county, was nominated for the position of Circuit Judge, over Judge W. L. Brown (appointed by Gov. Bradley to serve until the November election), and Hon. John H. Wilson. Eversole's plurality over Wilson is some 800 votes.

Miss Winnie Davis Dead.

Miss Winnie Davis, only child and daughter of Hon. Jefferson Davis, President of the Southern Confederacy, died on Sunday last, at Narragansett Pier, R. I., of acute malarial gastritis, from which she had suffered for a long time. She was born in 1863, in Richmond, Va. She materially assisted her father in his literary work, and was considered a very brilliant young woman.

The descent is certain from weak lungs, lingering coughs, throat troubles or bronchial affections through bleeding lungs, to consumption, if the first stages are neglected. Thousands of people who are now in their graves would be alive and well to-day if they had heeded the first warnings of those troubles which lead to consumption and death.

The hacking, cough, spitting of blood, weak lungs, and all similar troubles of the organs of breathing, will surely lead to consumption, if they are not already the signs of it. Then there are the other indications of the approach of consumption, such as night sweats, emaciation, or wasting away of flesh from bad nutrition, which, if neglected, lead to certain death.

Ninety-eight per cent. of all the cases of weak lungs, bleeding lungs, lingering and obstinate coughs, and other bronchial and throat diseases, which have been treated with Dr. Pierce's Golden Medical Discovery, have been cured by it. Do not wait until your throat trouble becomes serious. All bronchial and throat troubles are serious. The time to take the "Golden Medical Discovery" is right at the start.

Even if your throat trouble has been neglected until it has been pronounced pulmonary consumption or consumption, do not hesitate to use the "Golden Medical Discovery" for thousands of letters from the sick Dr. Pierce's Golden Medical Discovery will cure, even after good physicians have pronounced the disease pulmonary consumption.

It had been treated with bromides for several years, writes Mrs. Orlin O'Brien, Box 114, Piquette Falls, Michigan, Co. Minn. "In the first place, I had sore throat. I doctored with different physicians and took various medicines, but got no relief. I tried from my throat a sticky substance like the white of an egg. Could not breathe and had much pain in my chest. I would live through the winter. I took Dr. Pierce's Golden Medical Discovery and I feel better. I took eight bottles. I have not felt as well in years as since using these medicines."

Unfailing—Dr. Pierce's Pleasant Pellets for constipation and biliousness.

Those who contemplate being among the many thousands of visitors to Buffalo Bill, his Wild West and Congress of Rough Riders of the World in this city on Tuesday, Oct. 11, may go with the certain assurance that what they will there be offered is no where else to be seen. That it is not only a cosmopolitan military, nomadic and equestrian organization, of such enormous and complete proportions as to require much more space and many more men and horses than any other, but one whose absolute, instructive and absorbingly interesting and entertaining originality cannot be questioned or imitated. That it is as far removed from the time-worn, dead-level path of all other shows as the trackless wilds, in whose romantic history it has its birth, from the highways of ordinary traffic and stale parade. That it is genuine, thorough and through, and entirely free from imposition, imitation, make-up, twinned, tinsel and the dreary mouthings of stereotyped and painted fools. That Col. Cody, its projector and chief—who stands before the whole world as one of its most historic and heroic characters, and as the most widely-known and admired representative of true American manhood—positively appears at each afternoon and evening performance, presenting to the life, and with splendid, soul-stirring realism and perfection, grand equestrian military review, battle scenes, the wild life and pastimes of the border, steppes, deserts and prairies; artillery drills, athletic displays, bareback riding that astounds all circus stars, frontier marksmanship, bouts with bucking broncos, buffalo hunts, dances on horseback, illustrations of unique training by Wild West girls, races, raids, rivalries and revivals, in which eleven hundred people and horses participate, including fully equipped, regular representatives of the armies of the United States and Europe, Arabs, Cossacks, Indians, South Americans, Cowboys, Mexicans, Plainsmen, Cavalrymen, Chiefs, Braves, Cannoneers, Vaqueros, Gaudios, Lancers, Swordsmen, Bowmen, and native Barbary steeds. As it were, filling all out-doors—or fully as much of it as any one pair of eyes can compass—with all the overwhelming, dazzling, thrilling, spectacular, massed and individual glories and triumphs of historic and heroic and superlative horsemanship.

FRANKFORT'S STREET FAIR.

What it Means to the City and Its Merchants—Why it Should be Pushed.

Several times during the past two or three weeks mention has been made in the local papers regarding a proposed "Street Fair," to be held in this city in the early part of next month (October.)

There is no doubt about it that if the matter is thoroughly pushed it will prove a grand success and bring many dollars into the city that would not otherwise come.

The city officials, the Commercial Club and every business man, as well as every private citizen, should put their shoulders to the wheel and make it a grand success. It can be done and it should be done. Having seen these fairs undertaken and carried out in other cities, the writer begs leave to offer a few suggestions: Let the fair be held from Monday, October 10th to Saturday, October 15th inclusive. Buffalo Bill's Wild West Show will be here on October 11th, this could be advertised as an attraction Fair week. Let the Frankfort Jockey Club get up a week's Fall Meeting for Fair week and advertise

some good races for every afternoon during Fair week. Let the Street Car Company also get especially good attractions at their Park that week also.

Let the Committee on Arrangements get up a neat circular advertising all of the above attractions, also descriptions of interesting points about Frankfort, and send them out all over the State. Secure special low rates on all railroads, of course, and hundreds of people that never came to Frankfort before will come to the Capital City and will undoubtedly spend money.

Let some of our enterprising business men take hold of this matter and give Frankfort what she never had before, a brand new up-to-date Street Fair.

It will bring hundreds of dollars to Frankfort, besides advertising the city as she was never advertised before.

A CITIZEN.

Long Pastorate.

Rev. J. W. Frazier, pastor of St. John's A. M. E. Church, of this city, closed a five years' pastorate of the Church on Sunday last and has gone to Conference this week at Harrodsburg. The rules of the Conference only allow a minister to remain four years under ordinary circumstances; but the Bishop suspended the rule in this case and Mr. Frazier remained the full five years.

He has been very successful and his church here give him up, even now, with great regret, and hope that he may be given a good appointment for next year.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered you have a dyspeptic look; if your kidneys are affected you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alternative and Tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at J. W. Gayle's Drug Store, 50 cents per bottle.

The Right Thing.

The Democrats held a primary in the 8th Congressional District of Alabama, on Saturday, to nominate a candidate for Congress. This is Gen. Jo Wheeler's district. The Republicans and Populists all united with the Democrats and Gen. Wheeler was unanimously nominated, and yet there are people who say that patriotism is dead in this country.

An Enterprising Druggist.

There are few men more wide awake and enterprising than J. W. Gayle, who spares no pains to secure the best of everything in his line for his many customers. He now has the valuable agency for Dr. King's New Discovery for Consumption, Coughs and Colds. This is the wonderful remedy that is producing such a furor all over the country by its many startling cures. It absolutely cures Asthma, Bronchitis, Hoarseness, and all affections of the throat, chest and lungs. Call at above drug store and get a trial bottle free or a regular size for 50 cents and \$1. Guaranteed to cure or price refunded.

WAR NOTES.

Commodore John C. Watson's fleet has been disbanded and he has been placed in command of the Mare Island Navy Yard, at San Francisco, Cal.

It is more than likely that the troops now in camp at Lexington will remain until well into the winter before going to Cuba, Porto Rico, &c.

Five additional regiments were ordered sent from San Francisco, on Monday, to Manila. This was done to bring the force there up to the 20,000 men originally proposed.

Of the 24 Chaplains in the U. S. Navy the following are their religious proclivities: Presbyterian, 1; Christian, 1; Catholic, 3; Baptist, 5; Episcopalian, 5; Methodist, 9.

The Spanish Peace Commissioners have been appointed, and are as follows: Senor Montel Rios, Senor Abarzuza, General Cerrero, Senor Villa Urrutia, and Senor Garcia.

Those boys who went from this city into Company M, Second Kentucky Volunteers (Georgetown Company), were furloughed for thirty days on Sunday and came home that night.

Direct charges of failure to honor requisitions for both medicines, food supplies, and other necessities were made to Secretary Alger by the officers at Camp Hamilton, who had been at Chickamauga.

Brig. Gen. Jos. T. Haskell, one of Santiago's heroes, who was twice wounded and sent home to recuperate, went on to meet his returning comrades on Saturday, was taking suddenly ill and died.

It is now thought that our Peace Commissioners will be instructed to demand full control of the Philippine Islands, the President having been convinced that the whole country will stand by the demand.

Gen. Garcia, the Cuban General, came into Santiago on Wednesday en route to New York, where he comes to visit his sick daughter. Gen. Lawton cordially received the hero and speeded him on his way.

Dr. Julius Purnell, of Paris, who has been serving as a member of the hospital corps at Fort Thomas, near Newport, for several months, has

been ordered to Porto Rico for service and has started for his new post.

Five trains filled with the officers, soldiers and equipments of the Third Regiment U. S. Engineers, passed through this city on Wednesday, en route to Camp Hamilton, Lexington. They came from Jefferson Barracks, near St. Louis, Mo.

Company E, Capt. Julian Kersey, Second Kentucky Volunteers, were given a thirty days' furlough on Sunday, and came home that night, preparatory to being mustered out of the service. The boys generally were in good shape, although bronzed by exposure to sun and air.

It is said that Germany has been making secret attempts to gain a foothold in the Philippines by negotiations with Spain. Such being the information, our Peace Commissioners have been notified to inform Spain that no interference by any other nation in this matter will be tolerated.

Four Generals in the Cuban army have turned over their commands to General Lawton, the American commander. Gen. Perez, another commander, has 8,000 men, near Guantanamo, which force he will disband by order of his superior, Gen. Castillo.

Spain is going ahead to punish her soldiers and sailors because they could not whip the Americans. The latest victim is Admiral Monto, whose fleet Admiral Dewey destroyed at Manila. We suppose it is necessary for Spanish honor to punish somebody and, as they could not punish Uncle Sam, any old thing will do.

Secretary of War Alger visited Camp Hamilton at Lexington, on Tuesday, and held a review of the troops. He found everything in good shape, and was much pleased with the general situation and appearance of things. He left that night for Knoxville, Tenn., where he reviewed the troops in camp.

Senator Lindsay is out in a lengthy interview in the Louisville Post of Tuesday, in which he says the logic of events, which have recently occurred, will force us to assume control of the entire group of Philippine Islands. He says we cannot let Spain resume her control over them,

and should not leave them for other nations to squabble over.

A council of the provisional government of Cuba has issued a patriotic address calling upon all Cubans to respect the protocol and recognize the fact that the United States has done for Cuba what she could not do for herself. It also requires all forces to recognize the authority of the United States until such time as she sees fit to turn the country over to the Cubans.

A large number of the Spanish volunteers and some regulars, having families in Porto Rico, will remain on that island and become American citizens. The Commissioners have accomplished their work with but little trouble, and the Spanish army will all be away in the next six weeks.

Archbishop Dozal, of the Philippine Islands, in an interview, says he is heartily in favor of an entire removal of Spanish authority from those islands. He lays the chief blame for the state of affairs there upon the several church orders who have been oppressing the people and then quarrelling over the division of the spoils.

The whole of the Second Regiment Kentucky Volunteers were furloughed on Sunday and at once left for their homes. They were given thirty days, at the expiration of which time they will have to report for duty at Camp Hamilton. The men all think they will be mustered out at that time but a good many other people believe they will be retained through the winter.

Gov. Bradley and staff attended the review of the command stationed at Camp Hamilton, Lexington, on Tuesday. This review was held by Gen. Breckinridge in honor of the Secretary of War, Gen. Alger, who is on his itinerary of inspection of the camps and especially the hospitals throughout the country. There were nine regiments in the force review, a total of near 8,000 men.

ONLY ME.

The Best Remedy for Flux.

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me." We see that Mr. McDonnald is spoken of as a probable candidate for Representative of Franklin county. We don't know him myself, but my father does, and thinks he stands in with all the leading statesmen of the State, and is the available man to get an appropriation to build a new Capital, and that he lacks a long slip of being a fool. The men around here all seem to be for him and I wish him God speed. To have the Capital built will, I think, advance the price of chickens and eggs.

MIGNONETTE.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—L. Boggs, Stumptown, Gilmer Co., W. Va. For sale by J. W. Gayle.

A CRITICAL TIME During the Battle of Santiago.

Sick or Well, a Rush Night And Day.

The Packers at the Battle of Santiago de Cuba Were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago de Cuba on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops in ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect savior of our army, for if the packers had been unable to work there would have been no way to get supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know, in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by J. W. Gayle.

\$500 REWARD

BICYCLES AT

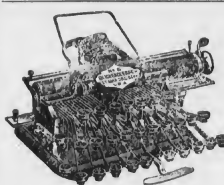

\$17.50 \$22.50 \$30.00 \$35.00

Are better bicycles than can be bought in America for the same money.

We employ no traveling men, have no expensive clerks, sell our entire output of bicycles for cash only, have no bad debts, therefore, can sell BICYCLES 100 per cent. cheaper than any manufacturer in the United States. We never deceive the public. No one can succeed in so doing. Our bicycles are sent subject to approval without any advance whatever. We expect to sell 15,000 bicycles in 1898 and we only want to make \$150 each. We much prefer to sell \$1,000 at a profit of \$1.00 each than 1,000 at \$15 each. Any price above ours made by other concerns are made so by extravagant expense, and don't let anyone tell you that you should pay for extravagance and bad debts of others.
